### ***Great Start Readiness Program (GSRP) and Early Childhood (EC) Addendum***

***Note: The term "district" also applies to public school academies and community-based organizations for the GSRP EC Addendum.***

As a result of COVID-19 and the closing of school buildings for the 2019-2020 School Year, school districts must submit a Continuity of Learning and COVID-19 Response Plan ("Plan") in order to continue to receive state aid for operations. Although schools are closed and not providing in-person instruction, teaching and learning must continue. Michigan educators have been called to provide our students with continued learning.

There are varied states of readiness to provide continuity in learning among districts. Even within districts of multiple school sites, there are varied states of readiness. It is expected that schools will provide instruction at a distance using a variety of methods that meet local needs, including printed materials, phone contact, email, virtual learning, or a combination to meet student needs. We should avoid assuming that continuity in learning can only occur through online means.

While many educators have been providing distance learning opportunities, the Governor's Executive Order ([EO 2020-35](#)) requires all schools to begin providing learning opportunities for all students no later than April 28, 2020. Districts who are able to begin their plans earlier are encouraged to do so.

Each District shall submit a single completed Assurance Document, Budget Outline, and Continuity of Learning Plan to its Intermediate School District. Each Public School Academy shall submit a completed Assurance Document, Budget Outline, and Continuity of Learning Plan to its Authorizer. A single Application should be filed for the district rather than multiple applications for individual schools within a district. The following items are required for the application which may be submitted beginning April 8, 2020:

1. Assurances Document
2. Continuity of Learning Plan
3. Budget Outline

## **Continuity of Learning and COVID-19 Response Plan ("Plan")**

### **Guiding Principles**

As Districts and Public School Academies complete the Assurances and Continuity of Learning Plans, they should consider utilizing the following principles to guide their work:

#### **Keep Students at the Center**

Intentional outreach to continue building relationships and maintain connections. Help students feel safe and valued. At minimum, plan to do the following:

- **Plan for Student Learning:** Build on each student's strengths, interests, and needs and use this knowledge to positively affect learning.
- **Develop a Weekly Plan and Schedule:** Offer routines and structures for consistency and for the balancing of think time, work time, and play time for health and well-being.
- **Contact Families:** Partner to support student learning through ongoing communication and collaboration. This will not look the same for every student and family—safety remains the priority. Provide translations as necessary.

#### **Design Learning for Equity and Access**

Plan and deliver content in multiple ways so all students can access learning.

- **Teach Content:** Set goals using knowledge of each student, content area standards, and of Michigan Merit Curriculum.
- **Deliver Flexible Instruction:** Consider how to deliver content depending on tools and resources accessible to each student. Alternative modes of instruction may include use of online learning, telephone communications, email, virtual instruction, videos, slideshows, project-based learning, use of instructional packets, or a combination to meet diverse student needs.
- **Engage Families:** Communicate with families about engagement strategies to support students as they access the learning. Families are critical partners. Provide translations as necessary.

#### **Assess Student Learning**

Manage and monitor student learning and plan what's next for learning including the potential need for summer and supplemental learning.

- **Check Student Learning:** Use a variety of strategies to monitor, assess, and provide feedback to students about their learning.
- **Make Instructional Adjustments:** Use formative assessment results to guide educators' reflection on effectiveness of instruction and to determine next steps for student learning.
- **Engage Families:** Communicate with families about assessment results in order to inform next steps and the potential for supplemental summer learning. Provide

translations as necessary.

### ***Great Start Readiness Program (GSRP) and Early Childhood (EC) Addendum***

***Note: The term "district" also applies to public school academies and community-based organizations for the GSRP EC Addendum.***

*The goal of a Continuity of Learning Plan and COVID-19 Response Plan is to ensure that each District or Public School Academy is providing, to the best of its ability, each student with alternative modes of instruction to help them stay on pace in their learning. This application recognizes that there is no "one-size-fits-all" solution; multiple means of engaging students and supporting families may be necessary that may vary by grade level, school building, or student population served.*

For the purposes of the Plan, "district" refers to school districts and public school academies.

In accordance with Executive Order 2020-35 a Plan must include all of the following parts:

1. Please describe the methods the district will use to provide alternative modes of instruction other than in-person instruction and a summary of materials each pupil and the pupil's parents or guardians will need to access meaningfully the alternative modes of instruction included in the Plan. If the Plan relies on electronic instruction, the Plan must ensure to the extent feasible that pupils have access to a connected device capable of accessing the electronic instruction and must not penalize a pupil for the pupil's inability to fully participate.

*“Alternative modes of instruction” means modes of pupil instruction, other than in-person instruction, that may include, without limitation, partnerships with other districts or intermediate districts or community colleges or institutions of higher education, use of vendors, use of online learning, telephone communications, email, virtual instruction, videos, slideshows, project-based learning, use of instructional packets, or a hybrid of multiple modes of learning that still promote recommended practices for social distancing to mitigate the spread of COVID-CD.*

**District/ PSA Response:**

Holly Area Schools GSRP families are provided learning at a distance through many modes of communication. We initially asked families informally through audio or visual-audio phone calls about their preferred ways of communicating with teachers, e.g., through phone calls, texting, and email; online meeting platforms (this included assessing the devices and internet connectivity families currently have or may need us to provide); postcards, notes, and “pen pal” letters exchanged with teachers through the mail. Once parents were asked directly by staff in what ways they would like to be communicated to in regards to their students' learning, staff began creating facebook private pages for families to engage in learning activities. Families who do not want communication through facebook are receiving information via email, phone, remind app, seesaw and paper packets of enrichment. We will provide ongoing support for children's enhanced well-being and learning from a distance that cannot be “in person” at this time but will be personalized.

2. Please describe the methods the district will use to keep pupils at the center of educational activities, including outreach to continue building relationships and maintain connections, and to help pupils feel safe and valued.

**District/ PSA Response:**

Teaching teams at Holly Area Schools GSRP will support their families' mental health and concerns first by communicating in the families best mode of communication.

Teaching teams determine a preferred method and time for private communication with a family member; Express that you are there for families and that they are not alone.

Recognize any unique hardship and offer support. Communicate that *they are enough*;

Share the two main priorities for parents at this time: taking care of themselves and connecting with their children;

[OS GSRP Guidance for Continuity of Child Development and Learning Plans](#) on maintaining positive relationships with families and differentiating support in a strengths-based way to meet each child's needs. In addition, the program will provide each family an opportunity to participate in an end of year conference. We are guided to document the conversation with [the sample form developed by Oakland Schools](#).

3. Please describe the district's plans to deliver content in multiple ways so that all pupils can access learning.

**District/ PSA Response:**

Plans will provide mixed media delivery for GSRP children, including but not limited to digital technology, such as visual platforms, teleconferencing and interactive software services. If technology isn't accessible or alternative delivery methods are necessary, the plans will also include paper packets of enrichment which will provide activities that both teachers and families could engage with children. (Packets could be retrieved during meal pick up, delivered or mailed.) Plans will include both small group and individualized instruction that will also meet the needs of children with special needs. Plans submitted are assessed for cultural responsiveness to the community served.

4. Please describe the district's plans to manage and monitor learning by pupils.

**District/ PSA Response:**

GSRP teaching teams will document daily/weekly lesson plans on their ongoing documentation of learning and interactions with children and families. These plans will be made accessible to the Early Childhood Specialist (ECS). Teachers will also input observations of learning into the Child Observation Record (COR) system. The ECS will support and coach teaching teams related to child learning. If a child has not been reachable by the teaching team, there will be detailed documentation of the attempts made ie. phone calls, emails, exting, driving by the home address, calling the next contact(s) on the emergency card.

5. Please attach a budget outline estimating additional expenditures associated with the Plan and sources of revenue to pay for those expenditures.

**District/ PSA Response:**

Stamps/envelopes

Manipulatives

Consumables (paper, crayons, colored pencils, markers, stickers, art materials etc.)

Travel to homes with materials/support for family needs. Dropping materials off at children's homes - we will request reimbursement from GSRP Transportation to reimburse staff mileage to deliver materials.

We do not expect to incur additional costs beyond our GSRP allocation to support implementation of this plan. If, at any point, we forecast a difference of spending that is equal to or greater than 10% of a subtotal we will notify the ISD to attain review and approval prior to moving forward.

6. Please describe the manner in which district administrators, board members, teachers, and any representatives of teachers collaborated in development of the Plan.

12. Provide describe how the district will evaluate the participation of pupils in the Plan.

**District/ PSA Response:**

Efforts to communicate and connect with children and families will be tracked utilizing a log to document frequency (with dates/times), type, duration and family response. Dates and notes will be recorded and filed to detail families who opt out of further participation. The program will analyze communication logs to ensure outreach efforts and to identify effectiveness. Family engagement reports through the COR Advantage system will be generated and analyzed bi-weekly. Teaching teams will ask families during check-ins about how learning is going. If gaps are determined, the program will work with families to problem-solve and locate alternatives using district or ISD resources. Teaching teams will enter child observations into the COR Advantage that are collected from either live contacts or from family submissions. Teaching teams will introduce the use of COR@Home to families and encourage the sharing of moments related to learning activities. Through these trusting relationships, staff are prepared to refer families to available mental health supports for children and/or adults. Teaching Teams will be first to respond and communicate with families to provide mental health support.
