

KINDERGARTEN ORAL HEALTH ASSESSMENT FORM

The Kindergarten Oral Health Assessment law [Public Health Code Act 368 Section 333.9316] was passed to ensure that children entering their first year of school are able to receive an oral health assessment (dental screening) prior to starting school. Good oral health is important to help children stay healthy and ready to learn. This optional assessment will let you know if your child has any dental problems that require attention by a dentist. The assessment must be done by a Registered Dental Hygienist, Dentist, or Dental Therapist.
